Sibling Support Groups

We have Partnered with TTI to continue to provide sibling support groups (aka Sib shops) to all of Macomb county.

Sibshops are a recreation based support group just for brothers and sisters of children with special needs! Sibshops is not therapy but it can be therapeutic for some children. Sibshops acknowledges that being a brother or sister of a person with special needs is both rewarding and challenging. Sibshops strive to offer opportunities for sharing and connecting with peers who "get it". The Sibshops model is a blend of information and discussion, mixed with entertaining, exciting, and unique recreational activities, snacks and lots of fun!
