SATURDAY,
April 25, 2020

Free but donations are gratefully accepted.

Use the telescopes and get a sky tour, or discuss astronomy and space science with the volunteers.

The event starts shortly before dusk; we meet later during the summer and earlier during the winter.

Contact the Stargate Committee if you want to check if we'll be there: <http://warrenastro.org/was/contact-us/>

You don't have to stay the whole time - though we ask that you aim your headlights away from the observing field in case you have to leave early.

Feel free to contact us if you have any questions: (<http://www.warrenastro.org/was/contactUs.aspx>)

As weather is unpredictable, call Jeff MacLeod, Joseph Tocco, or Jonathan Kade (<http://www.warrenastro.org/was/officers.aspx>) to check if the open house has been canceled.
