

Space Robotics Workshop

**Saturday, April 11, 2020
9:30 A.M. – 12:30 P.M.**

**Macomb Township Parks and Recreation
20699 Macomb St., Macomb Twp., MI 48042**

Tickets: reach.gomtpr.org

Snapology's A Universe of Stories Space Robotics program allows children to explore different aspects of space science and deep space exploration through building robotic models that mimic the concepts that they are investigating.

Discussed will be the movement of astronomical objects, the developments in space exploration, and the past, present, and future of space travel.
