As a result of the Covid-19 outbreak, the 2020 SOS 5k event is going to be virtual. A virtual event is one in which you can support an organization without physically being present at a venue. The distance you sign up for can be done in the safety of your own choosing, whether it be on a treadmill at your home or outside by running or walking your favorite route. You will have to ability to post your result and have a printed certificate of participation.

All participants will still receive an event shirt and race bib. Registrants 12 and under will also have a medal that will be included in your race event packet.

All packets will be mailed out to the participants. Registration deadline to be guaranteed shirt size and packet delivered by event date is Thursday, May 21st!

Results can be posted on the Enmotive platform where a completion certificate is available to be printed. Photos can be posted to this Facebook event page.

Everyone posting photos to the Facebook event page will be automatically eligible for Hanson's Running Shop gift card raffle. We encourage you to be creative and wear your event shirt with race bib.

Details on posting results, photos on Facebook page, and apps to help you measure or track a 5k or 1 mile distance will be provided as we get closer to the event!
