

# OUR MISSION

Our mission is complex, requiring more than just putting a roof over the veterans' heads.

Our operational approach embracing the "Total Veteran" and his/hers needs requires a full range of support.

The veterans, our true American Heroes, need your support. Everyone has a story of how a veteran in their family or circle of friends was ultimately denied what benefits he/she so greatly deserved and we pick up where our government failed them.

# ABOUT VRH

When Founding Volunteer Director Sandra Bower identified the overwhelming needs of our local veterans, she was lead to launch **VETS RETURNING HOME** in October 2013.

Staffed entirely by volunteers, **VRH** operates an 11,000 sq. ft. facility maintaining 43 beds for veterans in crisis, including the *only 6* female veteran beds in the state.

Supporting the transition of roughly 140 veterans annually into functioning members of the community, **VRH** provides transitional housing, disability benefit connection, legal support, employment readiness and placement, life skills training, cooking and nutrition classes, food assistance, and, through the generosity of community furniture donations, stable transition into fully furnished apartments.

Our program receives no government funding. Community support, both physical and financial, is vital to continue our mission.

## VETERANS HOMELESS CRISIS

The crisis faced by the American veteran has grown to a tragically overwhelming level in the U.S. Nearly 1.5 million veterans are considered at risk of homelessness. In Michigan alone, there are approximately 4,000 homeless veterans on any given day.

Staffed solely by great volunteers who meet the needs of our mission daily, we are inspired and indebted to their love for the American veteran.

## HOW YOU CAN HELP
