

Why are Vaccines Important for our Health?

This is a free activity for kids of any age and their parents, grandparents, and caregivers to learn how vaccines work and how they help keep us healthy.

Fun activities including food and games with prizes will be available for all who attend!

Speaker: Dr. Paul Kilgore, Wayne State University

Date: Wednesday, April 25, 2018

Time: 5:45 pm to 6:45 pm

Place: Second Mile Center

Address: 18391 Morang Ave, Detroit, MI 48205
