Creating strength in unity to eliminate stigma, improve access to treatment, support prevention and promote recovery from addiction through collaboration, education, and outreach.

6th Annual RECOVERY LIVE TOUR December 6 - 9, 2017

Unite to Face Addiction – Michigan (UFAM) a non-profit organization is organizing the 6th Annual Michigan RECOVERY LIVE RESIDENCY TOUR December 6-9, 2017. The Tour made up of five National Recovery Artist's representing a diverse background of prevention and recovery messaging, will perform more than 15 performances over the four days. This year's performances are scheduled to be anchored in East Lansing (Ingham County), Detroit (Wayne County), Flint (Genesee County), and Ann Arbor (Washtenaw County). Highlighted by performances at High Schools, Treatment Centers, Juvenile Centers, County Jails, State Prisons, Recovery Community Centers, and four public performances.

These exciting and groundbreaking events are geared to work in collaboration with many diverse community stakeholders, to provide and support drug and alcohol addiction prevention, treatment, and recovery initiatives as well as provide Naloxone trainings. The focus is to address the stigma associated with the prevention message as well as lower the barriers of those contemplating treatment and to support our recovery communities throughout the engaging 4 day program.

Over the past 6 years we have provided programming to 12 counties throughout Michigan while working to continually build strong and lasting collaborations. It is our hope that we will continue to develop strong collaborations of support to provide this unique program for all regions of Michigan in the coming years and continue to establish the RECOVERY LIVE RESIDENCY TOUR as the premier event for Substance Abuse Awareness in the state of Michigan.

This year it is UFAM's hope to engage as many community stakeholders in supporting this statewide initiative which also includes UFAM's Annual Michigan State Capitol Rally held every 3rd Thursday of May. And to continue to cultivate the collaborative spirit of the many statewide agencies, prevention, treatment, recovery, and advocacy groups working to address the many systemic aspects of Addiction and Recovery today. We look forward to providing the Recovery Live Residency Tour as a way to highlight these collaborative relationships and the many resources available during these amazing 4 days of engaging events that will leave participants wanting more and looking for opportunities to support the many community initiatives addressing Addiction Prevention, Treatment, Recovery, and Advocacy.
