Downriver Campus

21000 Northline Rd.

Taylor, MI 48180

(Between Telegraph and I-75, in Taylor)

- Refreshments
(Courtesy of DTE Energy)
- Exhibit Tables
- Networking

Attention! Family service workers, hospital social workers, school social workers, nurses, case managers, any health, human services, education or early childhood professionals who assist families in need:

Mending the Safety Net is a FREE resource sharing event for human service professionals (it is not open to clients).

This event is a fun, entertaining opportunity for non-profit direct service providers to attend and/or have an exhibit table, at NO COST. Entities wishing to have an exhibit table are subject to approval by the Healthy Downriver Community Team.

For exhibitor info and registration, or general info about the event, please contact Carol Meyers at carolm@theinfocenter.org

No registration is needed to attend the event if you do not have an exhibit table.

Mending the Safety Net is planned and presented by the Healthy Downriver Community Team, a local community collaborative, and hosted by WCCCD Downriver Campus.
