The Anton Art Center is the Region 10A Regranting Agency for the Michigan Council for Arts and Cultural Affairs (MCACA), and will award minigrants to nonprofit organizations, schools, municipalities and individual professional artists in Macomb and Oakland counties in support of arts and culture programming and professional or organizational development.

The Anton Art Center will offer a series of FREE informational workshops on minigrant guidelines and the application process. Funds are awarded on a competitive basis, and organizations will benefit from submitting a well-written grant application and supporting materials which conform to the guidelines.

For more information on MCACA Minigrants in Macomb and Oakland counties and to RSVP for a workshop, contact Greg DeLauro, Grant Coordinator at the Anton Art Center (gdelauro@theartcenter.org, 586-469-8666). The Minigrant program is made possible by an award from the Michigan Council for Arts and Cultural Affairs.
