

## **Free Open House - The Skinny on Pond Dipping**

Hosted by Lost Lake Nature Park and Oakland Township Parks and Recreation Commission

**Sunday, July 26, 2020 | 12:00 P.M. – 4:00 P.M.**

**Lost Lake Nature Park  
846 Lost Lake Trail, Oakland Twp., MI 48363**

Ponds, shallow lakes, and any other unassuming body of water in our state are integral portions of our local ecosystem and harbor life within that are frequently overlooked by casual observers. Join us as we don the rompers of field biologists and take a close look at the lifeforms that can be found within a spoonful of our kettle-lakes waters. From water beetles to crayfish, there is an alien world hidden beneath the surface of the placid waters and we plan to observe and record our findings! For the younger naturalists we will also be putting together our own magnetic fishing poles to take home!

The nature center will be open for 4 hours. You are welcome to drop by any time during those hours. You will have a chance to explore this amazing park, check out the nature center, participate in crafts, games and other ongoing activities. A new theme will be featured each month so come to one or come to all!

You are also welcome to make an afternoon of it and bring along a picnic to enjoy with a scenic view of the huge pine trees and beautifully secluded Lost Lake.
