

Getting Started with Cash and Credit Webinar for Teens Aged 16 and Older

Hosted by Michigan Schools and Government Credit Union

**Wednesday, July 8, 2020
6:00 P.M. – 7:00 P.M.**

Does your teen know how to handle his or her finances in the real world?

We invite you both to join us for an educational workshop on the proper usage of checking and lending products.

After this session, qualified teens will be able to open a checking account and apply for a low-interest, low-limit credit card with parental consent.
