## **Autism: Beyond Behaviors Cork Autism Conference 2020**

**Sunday, October 11, 2020  
4:00 P.M. - 11:00 P.M.**

### **This year's conference explores:**

- Understanding challenging behavior and practically supporting people with autism on a daily basis
- How to move beyond behaviors and consider strength, needs-based and inclusive strategies for people with autism.
- How to practically support individuals with autism with a mindfulness-based behavior approach to develop and nurture emotional regulation.
- How to develop social and communication skills based on the specific mode of communication people with autism use.
- How to best support individuals with autism who have visual perceptual disorders.
- How the environment around an individual with autism may impact the rights of them to participate.

and much more...
